Last Updated Tuesday, 12 January 2016

Hayley was formerly a talented beach sprinter from Queensland and moved to Victoria about two years ago and trained under Peter Van Miltenberg. She did not really respond to the training and was dispondent with her athletic output. After confiding with a close friend from Queensland (former runner up in the Stawell Gift Brett Robinson) he recommended that she should contact Nick for a new fresh approach to her training and competition. She contacted Nick and has thoroughly enjoyed the transition into the training squad.

Hayley retired from training and competition in 2014.

She is a member of the Ringwood Athletic Club.
