Georgia had limited pro running experience and had mainly only competed in amateurs with Yarra Ranges Athletics club albeit with only limited competition aswell.

She contacted Nick halfway through pre-season and she had severe shin splints when joining. Unfortunately despite her best efforts they got the best of her and she is now resting and rehabbing to try and get on top of them . She is very frustrated and cant wait to get back to training and competition. She is a member of Yarra Ranges Athletics Club.

She is eligible for novice events.
